A nice platforming rpg-like game. Very unique, very good. 9/10.. its pretty fun, only 2d. I think it's pretty good. It was well worth a play through, but it was hard to learn at first.

The first dlc was added for free. Can't beat that!. Great DLC allows you to keep playing after game ends so its worth it!. This is the win dlc. Buy it if you want to win.. ca needs to patch the game for windows 10. i enjoyed playing it on my old windows 7 computer. Epic game, simple design but very fun to play!. Good mod, but unfortunately there are only 2 countries. **TOTAL RUBBISH - CRASHED MY STEAM AND SO FAR HAVE HAD TO REINSTALL THE SYSTEM TWICE NOW!!!**

Can't get it to run. I am on Win 10. yo this game has a ♥♥♥♥ing 30 fps lock. I will forever love this game!. Depending this game has a great future and id be grateful to help in developing it by my ideas. Great product in my opinion. Never had an issue. It's amazing for updating semi-derelict computers.. Early Review:

- + Big and Nice Map
- + Lots of Vehicles/ Weapons/ Clothes/ etc. to choose from
- + Simple yet fun combat
- + Intense Gameplay
- +Easy UI

- Poor Optimization (z Clips)
- Confusing Gameplay Concept
- Huge Map with low player counts

I recommend this game IF you want to support a interesting and potentially fun concept, otherwise I suggest waiting until the game improves, mostly optimization of the map.. Very good so far, figuring out the gimics of the bosses seems to be the most challenging thing. The gank bosses are interesting (only thing I would say is Furnace & Smelter seem to be basically clones of eachother, some variation even just visually e.g. flame colour could make the boss more enjoyable).

This is an amazing game, would highly recommend to anyone who enjoys the Souls series and the like.
